"On behalf of the Wireless Innovation Forum and its members, we congratulate Chairwoman Rosenworcel on this exciting appointment. During her tenure on the Commission she proved to be a leader in spectrum policy development as well as a tireless champion of connection for all. As the Forum continually strives for innovative utilization of spectrum and the development of wireless communications systems, including essential or critical communications systems, we look forward to working with Chairwoman Rosenworcel and the FCC.

About the Wireless Innovation Forum

Established in 1996, the Wireless Innovation Forum™ comprises an international group of equipment vendors, subsystem vendors, software developers, technology developers, communication service providers, research and engineering organizations, academic institutions, government users, regulators and others who share the common business interests of advancing technologies supporting the innovative utilization of spectrum and the development of wireless communications systems, including essential or critical communications systems. www.WirelessInnovation.org. Forum projects are supported by platinum sponsor **Thales**.
