Wireless Innovation Forum Announces Technical Program for its Annual European Conference on Communications Technologies and Software Defined Radio (WInnComm-Europe 2014)

For Immediate Release

Washington, DC, 23 September 2014 – The Wireless Innovation Forum (www.WirelessInnovation.org), a non-profit international industry association dedicated to driving the future of radio communications and systems worldwide, announced today the technical program for its upcoming **European Conference on Communications Technologies and Software Defined Radio (WInnComm-Europe 2014) http://europe.wirelessinnovation.org/.**

As the only European event devoted to advancing innovation in spectrum access and radio technologies from research through deployment, this is the premier venue to network with and learn from the leading innovators in the advanced wireless market to gain a functional knowledge of relevant emerging opportunities and technologies. Hosted and sponsored by Selex ES, the event features three days of keynotes, tutorials, technical papers, workshops, a product exposition and more at the **Sheraton Golf Parco Di Medici** in Rome, 4-6 November 2014.

Program highlights include:
- Three technical sessions (paper listing and abstracts are available here: http://www.europe.wirelessinnovation.org/2014-paper-and-presentation-abstracts)
- Workshops on Spectrum Sharing and Management, and Software Defined Radio
- CloudRAN Workshop (http://www.europe.wirelessinnovation.org/2014-paper-and-presentation-abstracts#threec)
- International Tactical Radio Workshop (http://www.europe.wirelessinnovation.org/2014-tactical-radio-workshop) with speakers including:
    - Ugo Manetti, *OCCAR/a4ESSOR* and Philippe Margot, *OCCAR/a4ESSOR*
    - Charles Chedhomme, *French MoD*
    - Amm. Gabrielli, *Italian MoD*
    - Tobias Nachtsheim, *German MoD*
    - George Vongas, *UK MoD*
    - Rick Barfoot, *NATO*
    - Andrea Lorelli, *ETSI*
- Keynotes featuring industry leaders, including:
    - Olliver Holland, *Kings College London*
    - Giampaolo Lillo, *European Defense Agency*
    - John McHale, *Military Embedded Systems*
    - Dr. Joe Mitola, *Federated Wireless*
    - Andreas Pascht, *Alcatel Lucent/Bell Labs*
    - Vrjola Seppo, *Nokia*
- Exhibition featuring:
    - Ettus Research
    - Nordiasoft
    - PrismTech
    - Reservoir Labs
    - Rohde & Schwarz
    - Selex ES

About the Wireless Innovation Forum
Established in 1996, The Wireless Innovation Forum (SDR Forum Version 2.0) is a non-profit mutual benefit corporation dedicated to driving technology innovation in commercial, civil, and defense communications worldwide. Members bring a broad base of experience in Software Defined Radio (SDR), Cognitive Radio(CR) and Dynamic Spectrum Access (DSA) technologies in diverse markets and at all levels of the wireless value chain to address emerging wireless communications requirements. To learn more about The Wireless Innovation Forum, its meetings and membership benefits, visit www.WirelessInnovation.org.
