

For Immediate Release

SDR'09 Product Exposition to Feature Companies from Across the Reconfigurable Radio Value Chain, Showcasing the Latest Products, Technologies and Services

Washington, 19 November, 2009 – The SDR Forum (www.sdrforum.org) has announced participants in the SDR'09 Product Exposition, which reach across all aspects of the [wireless value chain](#). The expo will feature some of the latest products, technologies and services available in the advanced wireless market. Exhibitors will include conference sponsors **Harris Corporation, Wind River, Xilinx**, and **Pentek**, as well as numerous additional organizations, many of whom will be announcing new products during the event:

- Aeronix, Inc.
- Agilent Technologies Inc.
- Boeing
- CogNeA Alliance
- Coherent Logix, Incorporated
- CRC Canada
- DataSoft
- The Defense Advanced Research Projects Agency (DARPA)
- D-TA Systems Inc.
- EB (Elektrobit)
- Etherstack
- Ettus Research
- Green Hills Software, Inc.
- IMEC
- Innovative Defense Technologies (IDT)
- Innovative Integration
- The MathWorks
- Midwest Microwave Solutions (MMS) Inc.
- MDE Systems
- Objective Interface
- PrismTech
- Red Rapids
- SoleNet, Inc.
- Space Coast Communication Systems, Inc.
- Spectrum Signal Processing by Vecima
- Synopsys
- The Scientific and Technological Research Council of Turkey (TÜBİTAK)

In addition to the exposition, the event will also feature four [workshops](#) (Analysts, Regulatory, Government R&D and SATCOM), a JTRS SBIR Industry Day, [keynotes](#) by high caliber industry leaders, **more than 100 high quality technical presentations** over four days from industry, government, and university experts, [tutorials](#) held on each day of the conference, and a new welcome event featuring product [demonstrations](#).

The Conference program can be found here: <http://sdrforum.org/sdr09/program.html>.

SDR'09 represents the latest in an annual conference that has become a highlight on the wireless industry event calendar. Hosted by The SDR Forum, this event brings together world class business and technical leaders from around the world across commercial and civil organizations including service providers,

operators, manufacturers, developers, regulatory agencies, and academia. Sponsored by General Dynamics C4 Systems, Harris, Motorola, Xilinx, Wind River, and Pentek, this year's event will include over 100 paper presentations, four workshop sessions, daily tutorials, and a demonstration event, in addition to the product exposition. Additional information on the SDR'09 program, workshops and panel sessions can be found at www.sdrforum.org/sdr09. To register, visit our [registration page](#).
