

Memorandum of Understanding

Dear Mr. Lee Pucker,

The following memorandum sets out the understanding between EU FP7 project Quality Of Service and MObility driven cognitive radio Systems (QoS MOS) represented by Dr. Michael Fitch (QoS MOS Project Manager) and the Software Defined Radio Forum Inc. doing business as (d/b/a) the Wireless Innovation Forum (WINNF) represented by Mr. Lee Pucker (WINNF Chief Executive Officer), for the establishment of liaison activities between project QoS MOS and WINNF and shall be effective from the date signed by WINNF.

QoS MOS and WINNF will conduct joint activities in the following areas:

- Representatives of QoS MOS will be invited to submit contributions to and participate in the annual SDR Technical Conferences organized by WINNF,
- Representatives of WINNF will be invited to submit contributions to and participate in QoS MOS workshops and related workshops e.g. of the EU Radio Access Cluster,
- QoS MOS and WINNF will exchange white papers, request for comments and other information in areas of mutual interest to QoS MOS and WINNF,
- QoS MOS and WINNF will conduct joint workshops and organise working meetings within the framework of such workshops,
- QoS MOS and WINNF will exchange information concerning their roadmaps and respective plans for the dissemination and standardization activities in areas of mutual interest,
- QoS MOS and WINNF will share activities in conducting surveys among interested parties in the field of opportunistic spectrum usage and access, cognitive radio, and cognitive networks,
- Where considered appropriate QoS MOS and WINNF will jointly disseminate information in areas of mutual interest,
- WINNF will provide guidance on the technical orientation of the QoS MOS project through a mutually agreed upon liaison.

QoS MOS and WINNF agree that no information exchanged as a result of any of the activities envisaged by this memorandum, shall be regarded as confidential. Information provided by QoS MOS consortium members will correspond to data to be part of Public Project Deliverables (PU deliverables, according to EU Commission contract) and QoS MOS dissemination (publication, standardization contributions, training material).

A handwritten signature in black ink, appearing to read 'L. Pucker', is located in the bottom right corner of the page.

Any papers submitted by members of QoSMOS, for publication by WINNF, shall be accepted and published on terms to be agreed between WINNF and the authors of the relevant papers.

Neither QoSMOS, WINNF nor their respective members grants any licences under any intellectual property rights as a result of any activities covered by the understandings of this memorandum.

If you are in agreement with the above terms, please sign and date both copies of this letter and return one copy to me.

With kind regards.

On behalf of QoSMOS
